

HEALTHY VALUES MEDICATION LIST

Medications that offer the best value.

The medications that are on this list are maintenance and preventive medications that can help prevent many illnesses and conditions for people who have certain risk factors. These medications are: (1) included in the Standard Plan Medications List, which can be found at www.prescriptive.com/member, and (2) are different from the list of preventive medications mandated by the Affordable Care Act to be covered by health plans at no cost to members.

Some benefit plans may provide different coverage for the medications on the Healthy Values Medication List. Under some plans you may not need to pay a copay, coinsurance and/or deductible for the medications on this list. Check your plan documents to determine your benefit coverage. If your prescription benefit plan provides coverage of maintenance or preventive medications prior to meeting your deductible, you may pay less or perhaps nothing for the medications on this list, which may help you save money and stay on your treatment plan.

Be sure to follow your doctor’s treatment plan by taking prescribed medications as directed to help you live a healthier life today and possibly avoid serious illness and high health care costs down the road.

Note: Pharmacy products and services covered by your benefit plan may change from time to time. Some products and services may not be covered under a specific member’s plan design. The information provided here is for general information purposes only and does not guarantee coverage. To confirm your coverage, reference your specific plan documents within your member portal account at www.prescriptive.com or contact Prescriptive Member Services at the phone number on your Member ID card.

Class/Group	Drug Name	Class/Group	Drug Name
Antianginals	Isosorbide Dinitrate	Anticonvulsants (cont.)	Clonazepam
	Isosorbide Mononitrate, ER		Divalproex, ER
	Nitroglycerin		Ethosuximide
	Ranolazine ER		Gabapentin
Antiarrhythmic	Amiodarone		Lamotrigine
	Disopyramide		Levetiracetam, ER
	Dofetilide		Oxcarbazepine
	Flecainide		Phenobarbital
	Mexiletine		Phenytoin
	Pacerone		Pregabalin
	Propafenone		Primidone
	quiNIDine Gluconate ER		Topiramate
	quiNIDine Sulfate		Valproate Sodium
Anticoagulants	Warfarin		Valproic Acid
Anticonvulsants	Carbamazepine, ER		Zonisamide
